Great New Additions Coming to Governor's Square

Big changes are underway at Governor's Square Mall in Clarksville, Tennessee. Construction work will soon begin on an all-new **food court**, along with other wonderful new offerings for customers. The food court will include space for five different eateries, and seating for 200 diners. As part of the food court project, the Governor's Square Cinema Ten will get a new entrance to its ticketing area. Customers will also notice new mall entrance features, skylights, new restrooms and upgraded flooring and lighting. The new food court will be open for business in time for the Holiday season. It will be located adjacent to the new **DICK'S Sporting Goods**, considered the nation's largest retailer of sporting goods. DICK'S is currently under construction and set to open in the middle of the year.

In addition to the new DICK'S Sporting Goods, construction work is underway for a new **Buckle** store. Buckle is a leading retailer of medium to better-priced casual apparel, footwear and accessories for fashion-conscious young men and women. The company currently operates over 400 stores in 41 states. The Buckle store at Governor's Square Mall will be opening this spring.
