Millcreek Mall Among Nation's “Biggest and Best”

It's something the people of Northwest Pennsylvania and surrounding states have known for a long time. Now, Millcreek Mall is getting national attention just in time for the holidays. The website *Digital City* (a service of America Online) has named Millcreek as one of the biggest and best malls in America. The staff of *Digital City* evaluated malls from New York to California, from Florida to Minnesota and nominated their top ten favorites, based on such criteria as the types of stores, food court selections and special features. Millcreek Mall earned a Fourth Place ranking. The Mall of America took the top spot.

In their November 19 feature story, the evaluators remarked at the size and diversity of Millcreek Mall, citing its 2,600,000 square feet of retail space and 241 stores. It was noted that most clothing purchases are tax-free in Pennsylvania. The authors also praised the broad selection of restaurant offerings, automotive services and hotels on the property. The mall's location makes it a favorite stop for Canadian tour bus groups.
